

"I love Forest School - it's so cool"

"We built a great den with a fire in the middle to keep us warm"

"I like looking for treasure and big rocks in the digging pit"

"I really enjoyed making the bird box to help nature"

"We found a toad, but not a frog - it was brown"

"I like playing with Bosun"

Today we are celebrating Forest School Day so we asked the boys what they like to do most in the woods

"I like finding bugs with the magnifying glass"

"I love climbing trees and I'm really good at it now"

"I loved making popcorn over the fire"

"I think the rope swing is so much fun"
